

**Vermont Department of Education  
Child Nutrition Programs  
120 State Street  
Montpelier, VT 05620**

**Site Eligibility List  
2000 - 2001**

*For use with the After School Care Program  
& the Summer Food Service Program*

The information in the following table is based on October 31, 2000, eligibility data on file with the Vermont Department of Education and can be used for area eligibility for After School Care Programs and open site documentation for the 2001 Summer Food Service Program. Any school with 50 percent or more of the enrolled students eligible for free or reduced price meal benefits qualifies either the school building or a specific geographic area as an eligible area or open site (i.e., all students can participate free of charge, regardless of individual eligibility).

If the school listed is the only school in a town or is a "neighborhood school," in a larger town or city (i.e., serves children from a specific area designated by boundaries) any program operating anywhere in the area served by that school qualifies as an eligible program. If the school listed is only one of many serving students in the same grades (e.g., one of three K-6 schools in a town or city), a program can be operated only at the specific school.

**This data is valid until January 31, 2002.**

Town/City	School	Percent	What it means
Albany	Albany Community School	53%	Programs can be operated anywhere in Albany.
Alburg	Alburg Community Education Center	53%	Programs can be operated anywhere in Alburg.
